

Perspectives of viral gastroenteritis: from susceptibility to One Health – Final event

What is about?

This is the second and final workshop activity of the cooperation project between Sweden (Linköping University - LiU) and Brazil (Oswaldo Cruz Foundation - Fiocruz), supported by The Swedish Foundation for International Cooperation in Research and Higher Education – STINT. The purpose of STINT's activity is to strengthen the competitiveness of Swedish universities through the development of international relationships. The internationalisation of higher education and research is mainly based on concerted, long-term efforts. Sometimes however, it is important to be able to act quickly when the opportunity arises. STINT offers Initiation Grants for this purpose. In this workshop we will present research on the topic of viral gastroenteritis from different perspectives and discuss the future of the collaboration.

Who are the organizers?

Brazil:

- √ Marcia Terezinha Baroni de Moraes e Souza, PhD
Technologist in Public Health and Docent
The Graduate Program in Tropical Medicine of Instituto Oswaldo Cruz
Laboratory of Comparative and Environmental Virology (LVCA) – IOC – Fiocruz

Sweden:

- √ Johan Nordgren, PhD
Assoc. Professor (Docent)
Division of Molecular Medicine and Virology
Department of Biomedical and Clinical Sciences
Linköping University – LiU

Who are invited?

- √ Fiocruz's scientific community, particularly students, from all educational backgrounds
- √ No pre-registration

When and where?

- √ April 25, 2023
9:00am to 15:30pm
Presential event
Auditório Pavilhão Carlos Chagas / Pavilhão Carlos Chagas / Fiocruz, Brazil, IOC
Language: Portuguese and English

Schedule:

| Opening 9:00 am | | |
|--|----------------|--|
| Speakers 1 | Time | Title lecture |
| Invited: José Paulo Gagliardi Leite, PhD (LVCA, Fiocruz) | 9:00 to 9:40am | The importance of internationalization for teaching and research |

| | | |
|---|------------------|---|
| Organizer 1: Johan Nordgren (LiU) | 9:40 to 10:00am | LiU, Fiocruz and STINT: collaboration and future perspectives |
| Coffee Break 10:00 to 10:30 am | | |
| Speaker 2 | Time | Title lecture |
| Organizer 2: Marcia Terezinha Baroni de Moraes e Souza (Fiocruz) | 10:30 to 10:50am | The collaborative project with Dr. Albert Ignácio Olivares Olivares of Hospital da Criança em Santo Antônio – Roraima state – Amazon region |
| Researcher' presentation (part 1) | | |
| <ul style="list-style-type: none"> √ Yan Cardoso Pimenta, PhD student (LVCA) √ Diego Archanjo Oliveira Rodrigues, Graduation student (LVCA) √ Leticia Bomfim Campos, PhD student (Laboratory of Molecular Virology - LMV, Fiocruz). <p><i>Moderators chair:</i> Johan Nordgren (LiU); José Paulo Gagliardi Leite (LVCA); Herbert Leonel de Matos Guedes, PhD (Interdisciplinary Laboratory of Medical Research - ILMS, Fiocruz)</p> | 10:50 to 11:50am | During the presentations the titles will be presented |
| Lunch time 11:50am to 13:00 pm | | |
| Speaker 3 | Time | Title lecture |
| Invited: Herbert Leonel de Matos Guedes, PhD (ILMR, Fiocruz) | 13:00 to 13:40pm | The use of intradermal immunization to vaccine development against SARS-CoV-2 |
| Researcher' presentation (part 2) | | |
| <ul style="list-style-type: none"> √ Natália Lanzarini, Pos-Doc (LVCA) √ Gustavo Guadagnini Perez, PhD student (ILMR) √ Sylvia Kahwage Sarmiento, PhD student (LVCA) √ Beatriz Vilete Dias, Master student (LVCA) √ Meylin Bautista Gutierrez, PhD student (LVCA) <p><i>Moderators chair:</i> Johan Nordgren (LiU); Marcia Terezinha Baroni de Moraes e Souza (LVCA); Marina Galvão Bueno, PhD (LVCA, Fiocruz)</p> | 13:40 to 15:20pm | During the presentations the titles will be presented |
| Closure 15:20 to 15:30pm | | |
